

Summary of Changes

Several aspects of the process have been amended for 2025, please ensure you familiarise yourself with the changes as outlined below.

NEW MedCareersWA Online Application Portal

Application for this recruitment needs to be submitted through our new MedCareersWA online application portal. Please [create an account or log-in](#) to apply online. Please refer to the [How to Apply](#) guide and the application guide (attached in the advert) for more information.

NEW Site Option

Child and Adolescent Health Service has been added as a Primary Employing Health Service (PEHS), with Perth Children's Hospital as primary hospital.

Split Contracts Option Available.

Applicants are only able to preference the specialties available at their preferred PEHS, for 6-month rotations on a 12-month contract (unless opting for split contracts)

- Opting for split contracts enables applicants to move between PEHS' to facilitate 2x 6-month rotations.

Application process

Applicants still submit ONE application to cover THREE site preferences for employment as an SSR.

Recruitment will follow the centralised application, direct employment model.

- Successful candidates will be employed directly by their Primary Employing Health Service (PEHS).
- Applicants are only able to preference the specialties available at their preferred PEHS, for 6-month rotations on a 12-month contract (unless opting for split contracts).
- Ensure you review the list of available specialties at each of the PEHS below:
